- Shake the contents well.

### Thinner

Water.

# TECHNICAL INFORMATION

# DeckRefresh

## Application

### Application tool/application rate

LOBATOOL mop. For maintenance cleaning and care-cleaning, pour approx. 50ml - 1l onto a bucket of 10l water.

### Drying time

- approx. 30 min.

Maintenance care:

For weekly cleaning and care, add approx. 50-100 ml of LOBACARE DeckRefresh to 10 l of water. Wipe the patio deck using LOBATOOL Mop and the cleaning solution. Allow residual moisture to dry.

Care:

Remove loose dirt mechanically. Clean surface with LOBACARE DeckCleaner according to technical information. Add 1l LOBACARE DeckRefresh to 10l water and clean the surface evenly with a LOBATOOL mop. Do not walk on the surface during drying.

Note for wooden terraces that are severely worn:

LOBACARE DeckRefresh is only suitable for wooden terraces with a largely intact finish coat / oil impregnation and is only to be used for refreshing between the annual renovation cycles. For re-finishing or re-oiling the surface we recommend LOBASOL DeckOil or LOBADUR DeckFinish Color.

## General guidelines

**Drying time:** The indicated drying times are valid for +20°C and 50% relative humidity, and assume careful, draught-free ventilation of the working area. Lower temperatures, higher relative humidity or poorer ventilation lead to longer drying times. Do not apply any protective coverings or wet clean the surface until full curing is achieved. Product-specific data can be found in the relevant technical information.

**Cleaning of tools:** Clean tools and equipment immediately with water.

The information in this document and all other advice and recommendations that we provide to help and assist the applicator are based on previous experience and relate to Spezial conditions. Because of the wide range of possible uses and conditions of application of our products, we do not relieve users from the need to carry out their own trials or to seek technical advice by speaking to the LOBA application engineering department. Observe the floor covering manufacturer's recommendations and the provisions of the current standards.
